

## VALVES

1) We offer a diversified line of valves for numerous industrial applications:

- **Butterfly Valves**
  - ◆ High performance soft & metal seated double and triple eccentric butterfly valves
  - ◆ Concentric soft seated AWWA 505 butterfly valves
  - ◆ Large diameter ball & butterfly valves 36" and up
- **Ball Valves**
  - ◆ Floating & trunnion mounted
  - ◆ 2 & 3 piece top entry
  - ◆ Fire safe construction
- **Plug Valves**
  - ◆ Lubricated, non-lubricated, sleeved or pressure balance design
  - ◆ 2 or 3 way
  - ◆ Jacketed
- **Diaphragm Valves**
  - ◆ Weir or straight through type
  - ◆ Up to 175°C & 16 bars
- **PFA/lined Butterfly Valves, Plug, Diaphragm & Ball Valves**
- **Specialty valves and accessories:**
  - ◆ Bellow sealed and sampling valves
  - ◆ Wafer check and rubber lined flanged check valves
  - ◆ Gear operators
  - ◆ PTFE lined pipe fittings
- **Knife Gate Valves**
- **API Gate, Globe & Check Valves**

### 2) Energy Dissipating Valves

- ◆ Y-Pattern in-Line sleeve valves
- ◆ Submerged discharge sleeve valves
- ◆ Wall mounted sleeve valves
- ◆ Fixed cone sleeve valves
- ◆ Multi jet sleeve valves
- ◆ Free discharge control valves

### 3) RETROFITS:

We offer retrofit services to existing Butterfly Valves. Patented seats and seat replacement for any of existing valves. This is typical for large size valves on hydro and power plants applications. We are always up to a new challenge.
